WORDPRESS DEVELOPER & UI/UX DESIGNER

SUMMARY

WordPress and front-end developer with 10 years of experience designing, building, maintaining, and optimizing client-facing and enterprise websites. Experienced in taking web projects from initial requirements through UI/UX design, custom development, QA, deployment, maintenance, and technical support. Strong hands-on expertise in WordPress, PHP, HTML, CSS/SCSS, JavaScript, responsive design, custom content architectures, integrations, technical SEO, accessibility, Core Web Vitals, and conversion-focused landing pages. Self-directed and effective in high-volume environments, with experience collaborating with content, QA, product, marketing, and client success teams to deliver reliable, high-performing digital experiences.

EXPERIENCE

Solución Digital — Diseño y Desarrollo Web Jul 2020 – Present

Web Master / WordPress Developer

- Lead the design and development of custom WordPress websites for businesses and organizations, taking projects from requirements and UI/UX concepts through responsive front-end implementation, deployment, maintenance, and technical support.
- Translate visual and business requirements into production-ready interfaces using HTML, CSS/SCSS, JavaScript, PHP, reusable components, and custom WordPress themes and templates.
- Build dynamic content architectures with Custom Post Types, metadata, shortcodes, hooks, actions, filters, custom plugins, MU-plugins, user roles, and user-submitted data workflows.
- Extend and troubleshoot WordPress themes, plugins, WooCommerce, and MemberPress implementations while resolving hosting, database, security, integration, and production issues.
- Improve Core Web Vitals, caching, front-end delivery, accessibility, technical SEO, responsive behavior, and conversion performance; integrate REST APIs, webhooks, Google services, analytics platforms, and external systems.

Asociación Bancaria Costarricense Jun 2018 – Mar 2026

Web Administrator, Maintenance Technician & Content Manager

- Managed the organization’s web presence across website administration, technical maintenance, content management, content publishing, and day-to-day operational support.
- Managed and implemented content for a large-scale enterprise website using Sitecore CMS, maintaining information architecture, reusable components, content structure, metadata, and publication quality.
- Designed, developed, and maintained website improvements focused on responsive implementation, usability, technical SEO, accessibility, performance, and reliable user experiences.
- Collaborated with Web Content Developers, QA specialists, Team Leads, and a Product Owner through structured review, testing, approval, and publication workflows.
- Diagnosed and resolved website, hosting, performance, broken-link, and content-management issues; provided client support and technical guidance while coordinating requirements, improvements, and releases through in-person and virtual meetings.

Growth Acceleration Partners Jan 2018 – Jun 2019

Web Content Developer

- Implemented and maintained web content across client and enterprise digital platforms, following established content standards, responsive requirements, QA processes, and publication workflows.
- Collaborated with content developers, QA specialists, team leads, and product stakeholders to gather requirements, review web assets, prioritize updates, and coordinate releases.
- Supported content structure, information architecture, usability, technical SEO, and cross-device implementation to improve the quality and reliability of published websites.
- Investigated content, website, and CMS issues and provided technical support to help maintain consistent day-to-day web operations for multiple stakeholders.

EDUCATION

Universidad LCI Veritas 2009 – 2017

Bachelor’s Degree in Advertising Design

- Completed academic training in advertising design, visual communication, creative concepts, and brand-oriented digital experiences.
- Built a foundation in layout, visual hierarchy, user-focused design, and translating business objectives into clear, engaging communication materials.
